

**Duration:** 3-6 months

Get certified in Salesforce with Droit Academy here's a guide on how to proceed:

**For Beginners & Foundation Users:**

#### LEVEL 1

- **Salesforce Administrator (ADM 201):** Focuses on Salesforce platform basics, configurations, and user management.
- **Salesforce Platform App Builder:** Focuses on building custom applications using Salesforce's low-code features.

#### LEVEL 2

**For Advanced Users:**

- **Salesforce Advanced Administrator:** For those who have already completed the basic admin certification.
- **Salesforce Sales Cloud Consultant:** Focuses on solutions for sales processes and CRM.
- **Salesforce Service Cloud Consultant:** For those working with customer service tools in Salesforce.

#### LEVEL 3

**For Developers:**

- **Salesforce Developer (PD1 - Platform Developer I):** For developers who want to build custom applications and integrations.
- **Salesforce Developer (PD2 - Platform Developer II):** More advanced, for experienced developers.

#### LEVEL 4

**For Architects:**

- **Salesforce Application Architect:** For designing complex Salesforce applications.
- **Salesforce System Architect:** Focuses on system-level architecture.

Practice with Real Scenarios

- **Salesforce Playground:** Create a free developer account using [Salesforce Developer](#) to practice hands-on.

Exam Details:

- **Format:** Multiple-choice questions.
- **Duration:** 90-120 minutes, depending on the certification.
- **Passing Score:** Varies (usually around 65%-70%).
